

Preo Srl and Getra announce partnership in distribution of hot melt glue applicators.

Preo Srl and **Getra** announce the start of their cooperation in selling Preo products. Starting from October 1st **Getra NV** and **Getra SAS** become the official distributors of Preo Srl for Belgium, Luxembourg and France.

Preo Srl is a leading designer and manufacturer of gluing machines, which never stop working to obtain the highest standards in quality and innovation. As a result, it has become highly competitive in developing standard machines and in researching and creating special patented solutions.

Getra NV, founded in 1935, is a growing organization with headquarters in Wommelgem. The company, who has 80 employees, is specialized in industrial packaging, marking and adhesives systems. The products are offered to businesses throughout Belgium and Luxembourg.

Getra France subsidiary Van Aerden Hexagon S.A. has grouped its activities around three business lines: Adhesives, Engineering and Packaging, whose areas of specialization are: Adhesives systems, strapping, banding, wrapping, stretching. 12 salesmen at your disposal and 20 technicians, who provide daily monitoring and maintenance of a fleet of more than 10,000 machines.

Certain that it will be a profitable partnership, find our contacts for any information here below:
